

Preliminary Amendment

Amendments to the Drawings

Please amend the drawings by accepting the replacement figures which incorporate the desired changes. The changes are as follows:

Fig. 1 now includes reference designators 12 and 30, which were included on the as-filed drawings but inadvertently omitted from the formal drawings.

Fig. 2 now includes reference designator 34, which was included on the as-filed drawings but inadvertently omitted from the formal drawings.

Figs. 3A-3D now each include a hole, unlabeled, inside heads 36' and 36", which clearly ought to be in these drawings based on the detail shown in Fig. 1 as discussed with the Examiner on September 11, 2003. The lead lines for numerals 44' and 46' on Fig. 3A, 44" and 46" on Fig. 3B, 46' on Fig. 3C, and 46" on Fig. 3D are also corrected to correspond to the specification.
